Joseph Drouhin

2001 – A very good beginning to the new millenium

WHITES: deep yellow colour. Closely resembling 2000, the wines have a very pretty nose with hints of fruit. They are well balanced, show good acidity and are a pleasure to drink.

REDS: more intense colour than the 2000's; they show more depth in Côte de Nuits than in Côte de Beaune. Expressive nose with spicy and fruity notes. The wines have found the right balance between fruit and tannin. Ready to drink now.
